- \$30 an hour

### Job Type

- Part-time for one person or two persons who would job share.

### Schedule

- Sunday morning availability from 9:30am to 12:30pm.
- Special Holiday services

## Full Job Description

One Live Stream Audio & Video Coordinator (or two individuals who would job share) are responsible for the audio and video recording and livestreaming of weekly Sunday Worship Services and Occasional Special Services (e.g., Christmas Eve) at the Glenshaw Presbyterian Church in Glenshaw, PA. This includes mixing the live sound in the sanctuary, the sound over the live stream, video shot selection, and video mixing adding additional content presented in the service (presentations/slides, etc.). The Live stream audio and video coordinator is expected to work in the church on Sunday mornings from 9:30am-12:30pm. Salary is \$30 per hour.

## Responsibilities

- Responsible for audio video recording and livestreaming Sunday worship services and other special worship services if available.
- Prior to worship service, check all AV equipment and soundcheck audio connections
- Film using 2 PTZ cameras controlled via joystick
- Live stream audio mixing using OBS
- Incorporate any additional visuals such as title slides, song lyrics, Bible verses, or text overlays
- Familiar with OBS or StreamYard or willingness to learn
- Archive backups of service videos on local and /or online storage sites.
- Troubleshoot any A/V issues that arise during the livestream
- Collaborate with Church Staff on any presentations, etc. used for Sunday Worship
- Mentor volunteers in the livestreaming process

## Relevant Experience and Position Requirements

- Working knowledge of live audio, video production, livestream platforms, and the integration of all three.
- Familiarity with using a mixing board/console to perform Audio mixing
- Sunday morning availability for audio video recording and live streaming
- Ability to work independently
- Communicate with the worship team throughout the week as needed.
- Our equipment: Control computer running OBS, Banana mixer and StreamYard. 2 PTZ Optics cameras controlled by a PTZ joystick, Analog audio mixer with wireless mic system.
- Complete required background checks prior to employment
